Commissioner for Patents

The reply filed on February 23, 2009, is not fully responsive to the prior Office action because of the following matter(s):

1. The status of Claim 122 is not correctly identified. Also see attached Notice of Non-Compliant Amendment (37CFR1.121).
2. The Remarks filed on February 23, 2009, indicated that the SEQ ID NOs: in the claims were not consistent with SEQ ID NOs: filed in the provisional applications, specifically the elected SEQ ID NO:6042; see Remarks, p. 31 of 32. However, Applicant failed to indicate what SEQ ID NO(s): in the provisional application correspond to the SEQ ID NO: 7302 under examination. Since CRFs of the hundreds sequences were not submitted with the filed 19 provisional applications, the Examiner cannot identify what SEQ ID NO(s): in the provisional application correspond to the other sequences in the claims under examination. As a result, the Examiner is not able to properly determine the priority of the claimed invention and apply prior art. In order for examination to further proceed expeditiously, Applicant is required to indicate what SEQ ID NO(s): in the provisional application correspond to the elected SEQ ID NO: 7302.

Applicant is given ONE MONTH, or THIRTY DAYS, whichever is longer, from the mailing date of this letter. Failure to comply with these requirements will result in ABANDONMENT of the application under 37 CFR 1.821(g). Extensions of time may be obtained by filing a petition accompanied by the extension fee under the provisions of 37 CFR 1.136(a). In no case may an applicant extend the period for reply beyond the SIX MONTH statutory period.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
